Kaden Larson is coming in May

Kaden Larson is teaching piano at Indiana University. He started playing at age 4 and it has been a literal life saver! Diagnosed at a young age with Juvenile Rheumatoid Arthritis, Kaden faced a future without the use of his hands. It took a few miracles, and a lot of hard work, to overcome this crippling trial. Today, Kaden is a concert pianist who knows just how difficult music can be – and how it can open the door to some of life’s most amazing experiences.
